Nutrition services include the full range of activities performed by a variety of staff to operate a WIC Program such as, participant screening and assessment, nutrition education and counseling, breastfeeding promotion and support and health promotion, food package prescriptions, and health care referrals. WIC State agencies should refer to the WIC Nutrition Service Standards, available WIC Works Resource System at WIC Works - http://wicworks.nal.usda.gov/ for recommended criteria and best practices to incorporate activities that are consistent with providing quality nutrition services and revitalizing quality nutrition services (RQNS).

A. **Nutrition Education**-246.4(a)(9); 246.11(a)(1-3)(c)(1,3-7): describe the nutrition education goals and action plan and the provisions for providing nutrition education contacts and materials to all participants including the special nutrition education needs of migrant farmworkers and their families, Native Americans, and homeless persons. Also describe methods to be used to provide drug and other harmful substance abuse prevention information. Establish standards for breastfeeding promotion and support.

B. **Food Package Design**-246.10: describe the procedures for determining which foods should be authorized and how the food package should be nutritionally tailored and by whom, and plans for substitutions or eliminations to WIC food package. In addition to regulations at 246.10, State agencies should refer to the Food Package Guidance Handbook and Frequently Asked Questions available on the FNS PartnerWeb.

C. **Staff Training**-246.11(c)(2): describe the training and technical assistance provided to WIC professional and paraprofessional personnel who provide nutrition education, and breastfeeding promotion/education to participants.
II – Nutrition Services

A. Nutrition Education

1. Nutrition Education Plans (§246.11)
   a. The State agency develops and coordinates the nutrition education component with consideration of local agency plans, needs, and available nutrition education resources. (§246.11(c)(1))
      ☒ Yes ☐ No
   b. The State agency monitors local agency activities to ensure compliance with provisions set forth in paragraphs §246.11(c)(7), (d), and (e) of this section. (§246.11(c)(5))
      ☒ Yes ☐ No
   c. The local agency develops an annual nutrition education plan that is consistent with the State’s nutrition education component of Program operations. (§246.11(d)(2))
      ☒ Yes ☐ No
   d. The State agency requires that local agency nutrition education include:
      ☒ A needs assessment
      ☒ Goals and objectives for participants
      ☒ Evaluation/follow-up
      ☐ Other (list):
      (ii). The State agency monitors local agency progress toward meeting nutrition education goals, nutrition education action plans, and objectives via:
      ☐ Quarterly or annually written reports
      ☒ Year-end summary report
      ☐ Annual local agency reviews
      ☒ Other (specify): system reports

   e. State policies reflect the definition of “nutrition education” as defined in §246.2 and in the Child Nutrition Act. The definition is “Nutrition education means individual and group sessions and the provision of materials that are designed to improve health status and achieve positive change in dietary and physical activity habits, and that emphasize the relationship between nutrition, physical activity, and health, all in keeping with the personal and cultural preferences of the individual.”
      ☒ Yes ☐ No

ADDITIONAL DETAIL: Nutrition Services Supporting Documentation:

2. Annual Assessment of Participant Views on Nutrition Education and Breastfeeding Promotion and Support
   a. Is an annual Assessment of Participant Views on Nutrition Education and Breastfeeding Promotion and Support conducted:
      ☒ Yes ☐ No
II – Nutrition Services

b. Check below the method(s) used in the past fiscal year to assess participant views on nutrition education and breastfeeding promotion and support provided by WIC:

☐ State-developed questionnaire issued by local agencies
☐ Locally-developed questionnaires (need approval by SA):
  ☐ Yes          ☐ No
☒ State-developed questionnaire issued by State agency.
☐ Focus groups
☐ Other (Specify):

c. Results of participant views are:

☒ Used in the development of the State Plan
☒ Used in the development of local agency nutrition education plans and breastfeeding promotion and support plans
☐ Other (specify):

ADDITIONAL DETAIL: Nutrition Services Appendix and/or Procedure Manual (citation):

3. Nutrition Education Contacts (§246.11(a)(1-3): (1) Nutrition education shall be considered a benefit of the program, and shall be made available at no cost to the participant. Nutrition education shall be designed to be easily understood by participants, and it shall bear a practical relationship to participant nutritional needs, household situations, and cultural preferences including information on how to select food for themselves and their families. Nutrition education shall be thoroughly integrated into participant health care plans, the delivery of supplemental foods, and other Program operations. (2) Nutrition education is made available to all participants. Nutrition education may be provided through the local agencies directly, or through other agencies. At the time of certification, the local agency shall stress the positive, long term benefits of nutrition education and encourage the participant to attend and participate in nutrition education activities. However, individual participants shall not be denied supplemental foods for failure to attend or participate in nutrition education activities. (3) The State agency shall ensure that local agencies provide drug and other harmful substance abuse information to all pregnant, postpartum, and breastfeeding women and to parents or caretakers of infants and children participants. Drug and other harmful substance abuse information may also be provided to pregnant, postpartum, and breastfeeding women and to parents or caretakers of infants and children participating in local agency services other than the Program.

a. The State agency assures that each local agency offers adult participants, parents, or caretakers of infant and child participants, and whenever possible, the child participants themselves at least two (≥2) nutrition education contacts per 6 month certification period, and quarterly nutrition education contacts to participants certified in excess of 6 months, to ensure adequate nutrition education in accordance with §246.11(e) via:

☒ Local agency addresses in the annual nutrition education plan
☒ State nutrition staff monitoring annually during local agency reviews
☐ Local agency providing periodic reports to State agency
☐ Other (specify):
II – Nutrition Services

b. The State agency has developed minimum nutrition education standards for the following participant categories:

☒ Pregnant women    ☒ Breastfeeding women    ☒ Postpartum women
☒ Children         ☒ Infants             ☒ High-risk participants

The minimum nutrition education standards address:

☒ Number of contacts    ☐ Protocols    ☒ Documentation    ☒ Referrals
☒ Care plans           ☐ Exit counseling    ☒ Breastfeeding promotion and support
☐ Counseling methods/teaching strategies    ☒ Information on substance abuse prevention
☒ Content (WIC appropriate topics)    ☒ Nutrition topics relevant to participant assessment
☒ Appropriate use of educational reinforcement (videos, brochures, posters, etc.)

c. The State agency allows the following nutrition education delivery methods:

☒ Face-to-face, individually or group
☒ Online/internet
☐ Telephone
☒ Food demonstration
☐ A delivery method performed by other agencies, i.e., EFNEP

☒ Other (specify):

Brochures, modules, videos, bulletin boards, food models, etc.

d. The State agency ensures that nutrition risk data is used in providing appropriate nutrition education by:

☒ Individual nutrition education contracts tailored to the participant’s needs
☒ Group nutrition education contacts relevant to the participant’s needs (please explain how appropriate group nutrition classes are identified and offered to the participant.)
☐ Other (specify):

e. An individual care plan is provided based on:

☒ Nutritional risk
☒ Priority level
☒ Healthcare provider’s prescription
☐ CPA discretion
☐ Participant request
☒ Other (specify): nutritionist recommendation based on an assessment.

f. Individual care plans developed include the following components:
